An Overview of Reinforcement Unlimited's approach to In-Home ABA/VBA

Our approach to working with each child:

- is completely positive
- focuses on building skills
- is individually tailored to meet each child's unique needs
- focuses on keeping children motivated to learn
- is the best research supported approach

The curriculum addresses the major issues common in autism, and identified by the National Academy of Sciences as essential:

- understanding and using language
- building broader social skills
- communicating with and relating to peers
- building age appropriate and symbolic play skills
- increasing conceptual thinking and cognitive skills

Reinforcement Unlimited trained therapists work one-on-one with each child closely monitoring emotional responses in order to match the difficulty of the material and method of instruction to the child's ability level and rate of learning. All our therapists hold at least a bachelors degree or have equivalent extensive training specifically in research supported treatments for autism spectrum disorders. Supervision of each child's program is provided by one of our board certified masters or doctoral associates or consultants with regular formal progress reviews.

In addition to the individual ABA/Verbal Behavior Analysis program, parent training, programs to address problem behaviors, and a range of behavior analytic services are offered through our In-Home Services program. Our focus is on helping your child gain skills in language and social areas through the use of state-of-the-art behavioral interventions.

We provide behavioral assessments, parent & staff training, program supervision, and quality monitoring for VBA/Sundberg-Partington in-home programs. Each of our program supervisors is board certified by the Behavior Analysis Certification Board™.

Please call 770-591-9552 for further information or clarification.

Financial Information

Other than TriCare's ECHO program, which is open only to Active Duty personnel, and certain limited programs under United Healthcare we are unaware of any major private insurance carrier operating in Georgia or any form of Medicaid that covers In-Home ABA services. Certain other states do have laws in force that compel insurers to cover Autism services and in some instances ABA therapy. We are always open to learning about your coverage or changes in practices and policies of insurers.

It is our policy to invoice families for services monthly. We provide an itemized bill with each different service for each different day of service listed. These invoices serve two purposes:

- o they allow you to review the monthly bill for accuracy
- o they provide you with an itemized listing of fees for services for your records

Unless prior arrangements are made, in writing, with Reinforcement Unlimited, LLC the parents of the child receiving services remain completely responsible for the payment in full of all service related fees within 15 days of receipt of the monthly invoice. We accept payment via check or credit cards (Visa, MasterCard, Discover, or American Express). You may choose to have credit cards on file and be billed automatically monthly or receive an invoice each month.

All fees are based on the nature of the service delivered, not simply who performed the service. Therefore, direct therapy provided in-home is \$40 per hour regardless of whether a direct therapist or an Associate with BCBA performed the therapy. All program consultation, data analysis, program development, etc. are billed at the appropriate professional involved rate (e.g., Dr. R Montgomery attends IEP meeting = \$175/hr, Mr. Cermak, BCBA attends = \$90/hr, etc.).

We maintain an up-to-date Fee Schedule online at our website. We are, as of this writing and to the best of our knowledge, the only Behavior Analysis service company in Georgia that is up front with all fees and place them in the public domain via web posting. Parents are given at least 60 days notice of any fee changes.

Web fees cover standard consultation, evaluation, and service delivery but do not include forensic services.

There is a \$40 Returned Check fee for all checks returned by the bank.

Information Related to Scheduling and Sessions

Each case has an Associate of Reinforcement Unlimited designated as the lead person for your family. Each Associate has at least a Masters degree and 3 years of experience providing services to children with Autism. All cases are overseen by a Board Certified Behavior Analyst.

Sessions for in-home ABA are scheduled in three (3) hour blocks. The research is clear that longer sessions result in greater retention and this makes scheduling more convenient for all parties.

A parent or legal guardian is required to be present and available in the home throughout the therapy session(s).

Except in cases of emergency, 48 hours notice is required for all cancelled appointments. Payment for the appointment is required for all missed appointments not cancelled according to this policy. Insurance carriers are not responsible for miss-appointment fees.

We request that families give us at least two weeks notice on significant changes in their plans for in-home ABA sessions scheduling in order to facilitate consistency in service delivery.

We do not provide services related to custody. Lawyers like to claim that Adoption, adult conservatorship, visitation, etc. are not "custody" cases. That's fine for them, but in our world any case involving who has the legal right to control access to another person is a "custody" case. We remain the final arbiter of what meets our definition of "custody case".

The universal standard for therapy, be it the insurance standards or the professional standards of various organizations like the APA, ASHA, etc., is that a therapy "hour" is 45-50 minutes of direct contact with the patient with the remaining 10-15 minutes devoted to required record keeping and other administrative requirements. Typically, for a 3 hour in-home therapy session, our staff take ~10 minutes to arrange the materials prior to commencing direct therapy with the child and ~15 minutes at the end to record data, tidy the setting, and discuss the session with the parent.

The standard of care outlined in the ABA International's Revised Guidelines for Consumers of Applied Behavior Analysis Services to Individuals with Autism includes supervision of therapists on an ongoing basis, program consultation, program review, and program revision as services performed by a BCBA. These services are necessary for a program to meet minimum professional standards and are not optional.

INFORMED CONSENT FOR PSYCHOLOGICAL SERVICES:

I hereby voluntarily apply for and consent to psychological services by Robert W. Montgomery, Ph.D., BCBA-D & Reinforcement Unlimited, LLC. This consent applies to myself, ward, or client named below. Since I have the right to refuse services at any time, I understand and agree that my continued participation implies voluntary informed consent. I understand that the potential benefits of undergoing psychological services may include obtaining a professional opinion, reduction of my psychological symptoms, and an increased understanding of myself, my family, and/or my child. I understand that potential risks may include predictive validity of psychological assessment (when applicable), possible disagreement with the opinions offered to me, and possible emotional distress when addressing my situation. I understand that alternative procedures include services provided by another psychologist, a psychiatrist, or another mental health professional. I understand that I may ask for a referral to another mental health professional if I am not satisfied with the progress of my treatment. I understand and agree that my disclosures and communications are considered privileged and confidential except to the extent that I authorize a release of information, or under certain other conditions listed below: (1) where abuse or harmful neglect or children, the elderly, or disabled or incompetent individual is known or reasonably suspected; (2) where the validity of a will of a former client is contested; (3) where such information is necessary for the psychologist to defend against a malpractice action brought by the client; (4) where such information is necessary for the psychologist to pursue payment for services rendered; (5) where an immediate threat of physical violence against a readily identifiable victim is disclosed to the psychologist; (7) where the client, by alleging mental or emotional damages in litigation, puts his/her mental state at issue; and (8) where the client is examined pursuant to a court order. I hold Robert W. Montgomery, Ph.D., BCBA-D & Reinforcement Unlimited, LLC harmless for releasing information under the above conditions.

Service Agreement and Consent Form

This document contains important information about our professional services and business policies. It also contains summary information about the Health Insurance Portability and Accountability Act (HIPAA), a new federal law that provides new privacy protections and new client rights with regard to the use and disclosure of your Protected Health Information (PHI) used for the purpose of treatment, payment, and health care operations. HIPAA requires that we provide you with a Notice of Privacy Practices (the Notice) for use and disclosure of PHI for treatment, payment and health care operations. The Notice, which is attached to this Agreement, explains HIPAA and its application to your personal health information in greater detail. The law requires that we obtain your signature acknowledging that we have provided you with this information. Although these documents are long and sometimes complex, it is very important that you read them carefully and that you ask questions you have about the procedures at any time. When you sign this document, it will also represent an agreement between us. You may revoke this agreement in writing at any time. That revocation will be binding on us unless we have taken action in reliance on it; if there are obligations imposed on us by your health insurer in order to process or substantiate claims made under your policy; or if you have not satisfied any financial obligations you have incurred. If you have any questions or concerns, please feel free to discuss them with us.

SERVICES OFFERED

We will provide services specifically designed to help you (and/or your minor child), or otherwise provide you with referrals to other professionals. Our clinical and behavioral services consist primarily of individual assessments (psychological and behavioral evaluations), training, in-home and in-school consultation and observations, long-term ABA service provision to youth in the autism spectrum, and short-term consultations with individuals, parents, educators, and other related professionals.

APPOINTMENTS

Except for rare emergencies, we will see you (or your child) at the time scheduled. We understand that circumstances (such as an illness or family emergency) may arise which necessitate the occasional cancellation of appointments. In these cases, in order to avoid any misunderstanding, we ask that you speak to our staff personally and give as much notice as possible to cancel or reschedule. This will allow us to offer your time to another person. You may be charged the standard hourly rate (see below) for appointments missed or cancelled with less than 48 hours advance notice. Please note that most insurance companies will not reimburse you for missed appointments and you remain responsible for these charges.

PREPARATION FOR TESTING

It is important that individuals be able to perform at their best during testing sessions. Please let us know before you arrive (and as soon as possible) if the individual to be tested is not feeling well, or is taking any prescribed or over-the-counter medications that we have not been told of in advance. In such cases, the testing session may need to be rescheduled. Individuals to be tested should be well rested and should bring snacks for breaks during the testing session. Because of the variety of dietary restrictions we do not offer any food or

snacks in our clinic. Parents should plan to remain in the office during testing sessions with their minor children unless prior arrangements have been specifically discussed with the evaluator seeing your child and agreed to by them personally.

CONFIDENTIALITY, RECORDS, AND RELEASE OF INFORMATION

Psychological services are best provided in an atmosphere of trust. Because trust is so important, all services are confidential except to the extent that you provide us with written authorization to release specified information to specific individuals, or under other conditions and as mandated by Georgia and Federal law and our professional codes of conduct/ethics. These exceptions are discussed below.

TO PROTECT THE CLIENT OR OTHERS FROM HARM

If we have reason to suspect that a minor, elderly, or disabled person is being abused, we are required to report this (and any additional information upon request) to the appropriate state agency. If we believe that a client is threatening serious harm to him/herself or others, we are required to take protective actions which could include notifying the police, an intended victim, a minor's parents, or others who could provide protection, or seeking appropriate hospitalization.

PROFESSIONAL CONSULTATIONS

Psychologists and Behavior Analysts routinely consult about cases with other professionals. In so doing, we make every effort to avoid revealing the identity of our clients, and any consulting professionals are also required to refrain from disclosing any information we reveal to them. Unless you object, we do not typically tell clients about these consultations; however, these consultations will be so noted in your Private Health Information. If you want us to talk with or release specific information to other professionals with whom you are working, you will first need to sign an Authorization that specifies what information can be released and with whom it can be shared.

RECORDS

We will review all testing results during our feedback session, and offer you opportunities to ask questions and discuss the results with us. You will receive a written report that summarizes the findings. This report will include a summary and interpretation of all individual testing, as well as impressions from individual observations and consultations conducted as a part of a comprehensive individual evaluation. Upon your request, we are happy to provide you with a written summary of our impressions from other meetings, consultations, or observations as well. We will forward copies of any reports or written summaries to others only with specific, written consent from you, or as allowed under the law. Because of the proprietary nature of testing materials, we will release raw testing data only to other appropriately credentialed professionals (except as otherwise required by law).

LEGAL PROCEEDINGS

If you are involved in a court proceeding and a request is made for information concerning our professional services, such information is protected by the psychologist-client privilege law for Dr. Robert Montgomery but there is limited protection for information conveyed to others employed by or consulting to Reinforcement Unlimited, LLC under the law. Dr. Montgomery cannot provide any information without your written authorization, or a court order. However,

a court order may force us to reveal information you wish kept confidential. In that case, we will reveal only the minimally acceptable amount of information. If you are involved in or contemplating litigation, you should consult with your attorney to determine whether a court would be likely to order us to disclose information. Also, if a client files a complaint or lawsuit against anyone affiliated with Reinforcement Unlimited, LLC, we may disclose any and all relevant information regarding that client we deem necessary in order to defend ourselves.

PAYMENT FOR SERVICES

If necessary, we may seek assistance from an outside party in order to collect payment for services rendered to you. In such cases, any disclosures are limited to the minimum that is necessary to achieve the purpose. As you might suspect, the laws and professional standards governing these issues are quite complex, and it is important that we discuss any questions or concerns that you (or your minor child) may have at our first meeting, and as they may arise in the course of our work together. If any of these types of situations arise, we will make every effort to fully discuss it with you before taking any action, and we will limit disclosure to what is necessary. We are not attorneys, however, and you may wish to obtain formal legal consultation if you need specific advice.

WORK WITH MINOR CHILDREN

If a client is under eighteen (18) years of age, the law may provide parents with the right to examine the minor child's records. Privacy, however, is often crucial to successful progress in treatment and valid evaluation results. If, in the course of an evaluation or consultation, a minor child reveals to us information that he or she does not want shared with his or her parents or guardian, we usually do not reveal such information unless we believe that there is a high risk that the minor will seriously harm him/herself or others, and in which case we will notify him or her of my intent to notify his/her parents or legal guardian(s).

FEES

Dr. Robert Montgomery's hourly fee is \$175 per 50-minute hour for non-forensic consultations, meetings, and therapy. Dr. Christine Montgomery's hourly fee is \$150 per 50-minute hour for non-forensic consultations, meetings, and therapy. Our hourly fee is \$90 per 50-minute hour for non-forensic consultations, meetings, and therapy for our masters-level BCBA staff and consultants. We charge this same fee on a pro-rated basis for telephone calls longer than five (5) minutes. Our hourly fee is \$75 per 50-minute hour for non-forensic consultations, meetings, and therapy for our masters-level staff and consultants. We charge this same fee on a prorated basis for telephone calls longer than five (5) minutes, and for travel time for out-of-office meetings for our masters-level and service provider staff. Travel and daily rates for Drs. Montgomery are arranged via individual contract agreement. Forensic fees are negotiated on an individual basis. Payment in full is due at the end of each appointment, except for testing, or within 15 days of receipt of monthly service invoices. For individual testing, however, we charge those who pay at the time of service a flat fee for evaluations: \$1575 for a standard psychological diagnostic evaluation, and \$2150 for evaluations involving neuropsychological assessment. An extensive amount of time is committed and required to provide this kind of service; therefore, we ask that 50% of this fee be paid as a deposit at the time of the appointment making arrangements for the testing sessions: the balance is due at the time of our meeting to review the report and address any questions. This fee/evaluation typically includes a review of records that you provide to us, an initial one-hour interview with the

referral source (usually a parent or guardian in the case of a minor child), limited consultations with other professionals working with you or your child, testing, scoring, preparation of one comprehensive written report, and a one-hour feedback session and a follow-up phone call (of less than 30 minutes). Additional services such as any other consultative or therapeutic sessions, follow-up consultations with you or other parties (such as teachers, physicians, or other allied professionals), school observations (that may or may not be part of a more comprehensive evaluation), or preparation of any additional reports, will be charged at the appropriate hourly rate. We accept payment in the form of cash, checks, American Express, Discover, MasterCard, or Visa. If, during the initial interview, the decision

is made not to proceed with an evaluation, only the fee for the interview will be charged. In the unlikely event that you fail to pay us for services rendered and your account is more than 30 days past due, no additional work will be conducted in the matter, we may enlist the services of other persons or agencies to collect past-due amounts, and you will also be charged for any expenses so incurred. Additionally, confidentiality is waived in cases in which outside agencies are required to pursue payment of unpaid debts.

HEALTH CARE INSURANCE

If we do not file your insurance claims at this time, we will provide you with statements that you may submit to your insurance carrier or complete any forms as required by your insurance carrier in order to obtain reimbursement for out-of-network providers. In order to assist you with obtaining reimbursement for our services, your insurance carrier may require that we provide a clinical diagnosis, or additional clinical information such as treatment plans or summaries, or copies of your child's entire Clinical Record. In such situations, we will make every effort to release only the minimum information about you that is necessary for the purpose requested. This information will become part of the insurance company files and will probably be stored in a computer. Although all insurance companies claim to keep such information confidential, we have no control over what they do with it once it is in their hands. In some cases, they may share the information with a national medical information databank. We will provide you with a copy of any report or form that we submit upon your request. By signing this Agreement, you agree that we can provide requested information to your carrier if/when you choose to file a claim for any services that we have provided to you or your child. Also be advised that many insurance plans do not pay for psychological and behavioral testing or significantly limit the amount of coverage they provide for this kind of service, this is also true for testing and therapy services for Autism Spectrum Disorders (or other services judged to be primarily educational in nature). Public school systems, however, administer individual evaluations to school-age children at no cost to you (as governed by local/state educational agency regulations). Students enrolled in public universities in Georgia may be eligible for low-cost evaluations through the Regents Centers for Learning Disorders; contact your local public school or college/university Office of Disabilities Services, respectively, for additional information.

PROFESSIONAL RECORDS

You should be aware that, pursuant to HIPAA, we keep clients' Protected Health Information in two sets of professional records. One set constitutes the Clinical Record and the other the professionals personal notes. The Clinical Record includes information about reasons for seeking our professional services; the impact of any current or ongoing problems or concerns;

assessment, consultative, or therapeutic goals; progress towards those goals, a medical, developmental, educational, and social history; treatment history; any treatment records that we receive from other providers; reports of any professional consultations; billing records; releases; and any reports that have been sent to anyone, including statements for your insurance carrier. Except in unusual circumstances that involve danger to yourself or others, or makes reference to another person (unless such other person is a health care provider) and we believe that access is reasonably likely to cause substantial harm to such other person, you or your legal representative may examine and/or receive a copy of your Clinical Record, if you request it in writing. Because these are professional records, they can be misinterpreted and/or upsetting to untrained readers, or may contain information that is protected by federal copyright laws. For this reason, we recommend that you initially review them in Dr. Montgomery's presence, or have them forwarded to another mental health professional so that you can discuss the

contents. In most situations, we are allowed to charge a fee for copying (and for certain other expenses) plus postage and this is regulated under Georgia Law. The exceptions to this policy are contained in the attached Notice Form. If we refuse your request for access to your records, you have a right of review (except for information provided to us confidentially by others) which we will discuss with you upon request. In addition, we also keep a set of Personal Notes for most clients to whom we provide even brief or consultative services. These notes are for the personal use of the professional alone and are designed to assist in providing you with the best treatment. While the contents of Personal Notes vary from client to client, they can include references to conversations, psychological testing recording forms, analysis of conversations, hypotheses of the professional, and the effects of these conversations on clients. They also may contain particularly sensitive information revealed that is not required to be included in the Clinical Record (and information supplied to us confidentially by others). These Personal Notes are kept separate from the Clinical Record. Personal Notes are not available to you and cannot be sent to anyone else, including insurance companies. Your signature below waives all rights, now and in the future, to accessing these records in any form under any circumstances. Insurance companies cannot require your authorization as a condition of coverage nor penalize you in any way for your refusal to provide it.

PATIENT RIGHTS

HIPAA provides you with several new or expanded rights with regard to your Clinical Record and disclosures of protected health information. These rights include requesting that we amend your record; requesting restrictions on what information from your Clinical Record is disclosed to others; requesting an accounting of most disclosures of protected health information that you have neither consented to nor authorized; determining the location to which protected information disclosures are sent; having any complaints you make about our policies and procedures recorded in your records; and the right to a paper copy of this Agreement, the attached Notice form, and our privacy policies and procedures. We are happy to discuss any of these rights with you.

CONTACTING US

Given their many professional commitments, our professionals are often not immediately available by telephone. If you need to leave a message, we will make every effort to return

your call promptly (within 24-48 hours with the exception of holidays and weekends). If you are difficult to reach, please leave some times when you will be available. Because of the nature of the services we provide, **We do not provide on-call coverage 24 hours per day**, 7 days per week. In emergency or crisis situations, please contact your physician, or call 911 and/or go to the nearest hospital emergency room.

CONSENT

Your signature(s) below indicates that you have read the information in this document and agree to be bound by its terms, and that you have received the HIPAA notice form described above or have been offered a copy and declined. Consent by all parents/legal guardians (those with legal custody) is required.

Medicaid Coverage Statement

Thank you for your inquiry regarding Medicaid coverage for services from Dr. Robert Montgomery. We regret that at this time we cannot accept Medicaid as coverage for services in this matter. However, we can offer to provide services to you as a private pay client. This means that we will provide treatment/evaluation services but cannot accept Medicaid in part or whole as payment for any services rendered to you or your child. If you are insured by private insurance and we have been allowed to be a provider on their panel we will make every effort to submit bills to that insurer and accept assignment of benefits with appropriate approval from you. However, you remain responsible for any amount not covered by your insurer and the remaining uncovered fees will not be subject to submission to Medicaid. If your insurance provider has not allowed us to participate as a provider you remain responsible for the entire amount billed. We will provide documentation for you to submit for reimbursement for our services as an “out-of-network” provider but can make no representations as to the amount of reimbursement, if any, you will receive from your insurance company for our services.

You are under no obligation to select Reinforcement Unlimited, LLC or Dr. Robert Montgomery as your service provider. To the best of our knowledge you can contact the following agencies for similar services and are likely to be covered by Medicaid:

Emory Autism Center
1551 Shoup Court
Atlanta, Georgia 30322
(404) 727-8350

The Marcus Institute
1920 Briarcliff Road
Atlanta, GA 30329
(404) 419-4000

If you currently are covered by a Georgia Medicaid CMO you can contact them for alternative service providers. You may contact the managed care organizations at the following numbers:

Amerigroup 800-600-4441
Peach State 800-704-1484
WellCare 866-231-1821

My signature below indicates my understanding that services by Reinforcement Unlimited, LLC and/or Dr. Robert Montgomery are not covered in any way by Medicaid and that there are no alternative services through Reinforcement Unlimited, LLC and/or Dr. Robert Montgomery available which are covered by Medicaid in this matter.

PAYMENT POLICY

Our office strives to offer the highest quality of care. Never will your care be contingent on your insurance coverage. "Insurance is a method of payment, not a method of treatment."

Considerable care has been taken to determine our fees. We want to assure you that our charges accurately reflect the complexity of care rendered and the skill and expertise required for your care. Our fees are comparable to those of other highly qualified specialists. Whether you have purchased insurance on your own or your employer has provided it to you, you are fortunate to have it and we will go the extra mile to help you maximize your benefits provided by your specific plan. As a courtesy to you, we will file with those plans to which we have been admitted as a provider and when requested and we have not been admitted as a provider will complete the standard CMS1500 claim form for you to seek reimbursement through your insurer. No major insurer that we know of in Georgia, other than TriCare (ECHO) and certain United Healthcare policies, covers ABA therapy, including Medicaid. When a service is covered, your insurance company usually only pays a percentage of the fee, and this varies from carrier to carrier and plan to plan. Your insurance is not designed to pay the entire cost of treatment, but it is intended to help cover a certain portion of the cost. A better term for insurance may be "rebate". We do not know what, if anything, will be reimbursed by your insurance carrier.

Please remember, however, the financial obligation for our services is between you and this office, and is NOT between this office and the insurance company.

Payment to our office is not contingent, nor dependent upon your insurance company. All account balances must be satisfied within 60 days of the date services were billed, after that time a rebilling fee of \$10.00 may be charged to your account. If you have any questions regarding our financial policy, please do not hesitate to discuss them with us. For your convenience, we accept MasterCard, Visa, American Express, Discover, Cash, and Checks.

I understand and agree that I am responsible for the payment of all charges incurred regardless of any insurance coverage or other plans available to me. Additionally, I understand and agree to pay any and all collections costs and/or attorney's fees if any delinquent balance is placed with an agency or attorney for collection, suit, or legal action. I also acknowledge that confidentiality is waived in matters involving collections and the sharing of information sufficient to pursue recovery of debts owed.

C. I further authorize the source named above to speak by telephone with staff of Reinforcement Unlimited, LLC (identified in the letterhead) about the reasons for my/the patient's referral, any relevant history or diagnoses, and other similar information that can assist with my/the patient's receiving treatment or being evaluated or referred elsewhere.

D. I understand that no services will be denied solely because I refuse to consent to this release of information, and that I am not in any way obligated to release these records. I do release them because I believe that they are necessary to assist in the development of the best possible treatment plan. The information disclosed may be used in connection with my/the patient's treatment.

E. This request/authorization to release confidential information is being made in compliance with the terms of the Privacy Act of 1974 (Public Law 93-579) and the Freedom of Information Act of 1974 (Public Law 93-502); and pursuant to Federal Rule of Evidence 1158 (Inspection and Copying of Records upon Patient's Written Authorization). This form is to serve as both a general authorization, and a special authorization to release mental health information under the Drug Abuse Office and Treatment Act of 1972 (Public Law 92-255), the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act Amendments of 1974 (Public Law 93- 282), the Veterans Omnibus Health Care Act of 1976 (Public Law 94-581), and the Veterans Benefit and Services Act of 1988 (Public Law 100-322). It is also in compliance with 42 C.F.R. Part 2 (Public Law 93-282), which prohibits further disclosure without the express written consent of the person to whom it pertains, or as otherwise permitted by such regulations.

F. In consideration of this consent, I hereby release the source of the records from any and all liability arising therefrom.

G. This request/authorization is valid during the pendency of any claim or demand made by or in behalf of me/the patient, and arising out of an accident, injury, or occurrence to me/the patient. I understand that I may void this request/authorization, except for action already taken, at any time by means of a written letter revoking the authorization and transfer of information, but that this revocation is not retroactive. If I do not void this request/authorization, it will automatically expire in 365 days from the date I signed it.

H. I agree that a photocopy of this form is acceptable, but it must be individually signed by me, the releaser, and a witness if necessary.

I. I affirm that everything in this form that was not clear to me has been explained. I also understand that I have the right to receive a copy of this form upon my request.
